

Learning Conversations

Week ending 27.11.26

Science
Think about the food you ate yesterday. List 5 foods and decide whether each one is a fat, protein, carbohydrate, fruit and vegetable, or dairy.

Maths
Year 3
Please practice adding and subtracting within 20. For example 8 + 6 = or 15 – 9 =
Year 4
Please practice adding and subtracting within 20 so that when asked a question like 9 + 7 or 16 – 8, the answer is instant!

PE
We have been learning about how strength helps us in everyday life. Your challenge this week is to sit against a wall in a squat. How long can you hold it for? Could you challenge a family member to have a go? Which muscles did you use?
