

Learning Conversations

Week ending 20.11.26

DT
Please think about the animal you would like to make and which part of it will move using a simple pneumatic system. You can draw your ideas and share them in class next week.

Maths
Year 3
Count in multiples of **4 and 8.** You could time yourself and then try beating your personal best!

Year 4
Count in multiples of **6, 7 and 9**. You could time yourself and then try beating your personal best!

PE
We have been learning about coordination in PE this week. Think about when you might use coordination in everyday life.
