

We hope you have all had a lovely half term and managed to rest and recharge. This half-term looks set to be busy and fun so we hope that the children are all raring to go!

This half-term

This term the children's learning will be based around 2 themes. Superheroes and Around the World. The children will be learning about the qualities of imagined and real-life superheroes. They will also be learning about different countries and the differences and similarities of their foods, customs and environments. We would welcome any holiday photos, postcards or souvenirs that the children would like to put on our topic table to show and tell to the class. If you would like more information about what the children will be learning this term, please see Spring 2 Topic Map on our website.

This week

We will begin this week with a book called Juniper Jupiter by Lizzy Stewart. Juniper Jupiter is a real-life superhero. She's super brave, super fast, super strong, super smart and she can even fly, but something is missing. What is a hero without an amazing sidekick? The children will be thinking about what makes a great side-kick and write adverts for their own! We will use the book throughout this half-term as a stimulus for lots of our writing.

Collecting items

We are collecting pulses, pasta and grains for collage and sensory play activities so please do send in anything you may find at the back of the cupboard that have past it's expiry date - we will put it to good use! We would also like some of your re-cycling items for junk modelling; boxes, tubs, plastic bottles etc.

Thank you for your support. Mrs Clarke, Ms Tonkyn and Mrs Upfold.
