

English

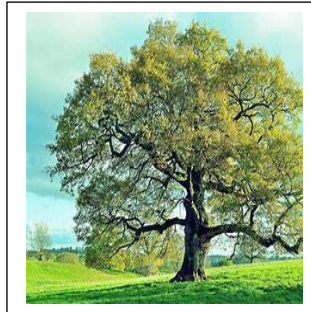

Vehicle Text - Origin of Species

This half term we are linking our English and science learning by looking at evolution and adaptations in animals. We will look at Darwin and what he and other scientists believed about evolution.

Writing Outcomes & Writing Purpose

- 1) Discovery narrative, children will imagine that they are an explorer discovering an animal for the first time. What do they notice about the animal? What might they call it?
- 2) Explanation text—Children will research and write about their chosen animal as if it has been discovered for the first time.

Oak Class Spring 1 2025

Maths

Ratio

Children will learn what ratios are and how they can be worked out.

Children will look at scale drawings and work out the different scale factors between shapes. Having a go at drawing their own shapes to scale.

Algebra

Children will start by looking at step function machines and how to use these with both one and two steps.

Children will learn how to form expressions and how to work out algebra equations.

Art:

Mixed media land and city scapes

Children will have a go at using different materials to create both rural and city landscapes.

Computing

Programming variables in games

R.E Humanism

History-

World War II

This term we will be looking at WWII, the events that led to war being declared and what life was like for those who fought and those who stayed behind.

PSHE Dreams and goals

Children will think about what they would do if they could do anything in the future and what their dream job would be.

Homework:

Please continue to read with and to your children. TTRS needs to be done every week. Library books will be changed weekly.

P.E Thursday afternoons

Dance

This half term children will be looking at different styles of dance and creating their own dance.

Science - with Mrs Fourie on Wednesdays

Evolution

On Wednesday the children will be looking at the science behind evolution. Why do scientists believe in evolution etc.
