

# Harting C of E Primary School Newsletter

Issue 9 – 14<sup>th</sup> January 2022  
Value of the Month: Endurance

I would like to welcome everyone back to school following the Christmas Break. With the amount of hard work and fantastic learning that has taken place since the children's return to school it is hard to believe that the children have been back less than two weeks! Endurance is our January Value of the Month, and we have been working with the children in exploring the importance of this value and how they can demonstrate it in their everyday lives.

This edition of the newsletter is focussed on the newly developed school website. We are making our school website the central point of reference for the community, enabling you to have a better understanding of what the children are learning in school and to update you on the weekly activities and experience of school life here at Harting.

Mr Tidey, Headteacher

## Harting C of E School Website

[www.harting.w-sussex.sch.uk](http://www.harting.w-sussex.sch.uk)

As many of you will be aware over the past term we have been redeveloping the school website to become a source of key information and updates on school life and learning. This is something that we continue to develop, and will keep updating throughout this term. I would encourage everyone to visit the website this weekend and keep doing so on a regular basis.

### Website Class Pages

You will find an up-to-date curriculum map on the Class Pages section of the website which reflects the learning in your child's classroom this term. In addition to this, teachers are posting weekly class-specific updates and photos to provide parents with an insight as to what the children have been doing in school.

### Website Safeguarding

The new Safeguarding area of the website contains information on safeguarding at school as well as information for parents on how they can help keep their children safe online.

### Website Key Information

In the Key Information section you will find further information on the curriculum, including our newly adopted phonics scheme 'Essential Letters and Sounds', breakfast and afterschool club, Ofsted reports, as well as information on how we allocate our funding and resources each academic year.

## Website Online Safety

With our children growing up in an increasingly complex digital world, it is now more important than ever that adults are empowered with the knowledge and skills to ensure that children can be kept safe when online.

At Harting C of E School we aim to educate children and their families in how to be safe online and how to reduce the risks that are associated with the digital world.

On the Online Safety page you will find information and links to websites which provide further information around apps/games (including age recommendations and reviews from children, adults and professionals) as well as other tools to enable you to support your children successfully at home.

If you have any questions or concerns around online safety, or apps or games which children are using, then please contact the school office to arrange a conversation with Mr Tidey.
