

# Larry's Scottish Adventure to: Edinburgh!

- I had the most amazing time away and saw the coolest things!
- Sorry I took one of your bus tickets but I was so excited to see all the Edinburgh Landmarks!!
- First thing I did was go to the airport on Friday evening, straight after school!

When I got to the airport I had 2 drinks! A lemonade and then I tried some beer! (this wasn't the nicest!)

I then boarded the plane, I had the window seat!!

Up high in the sky!!

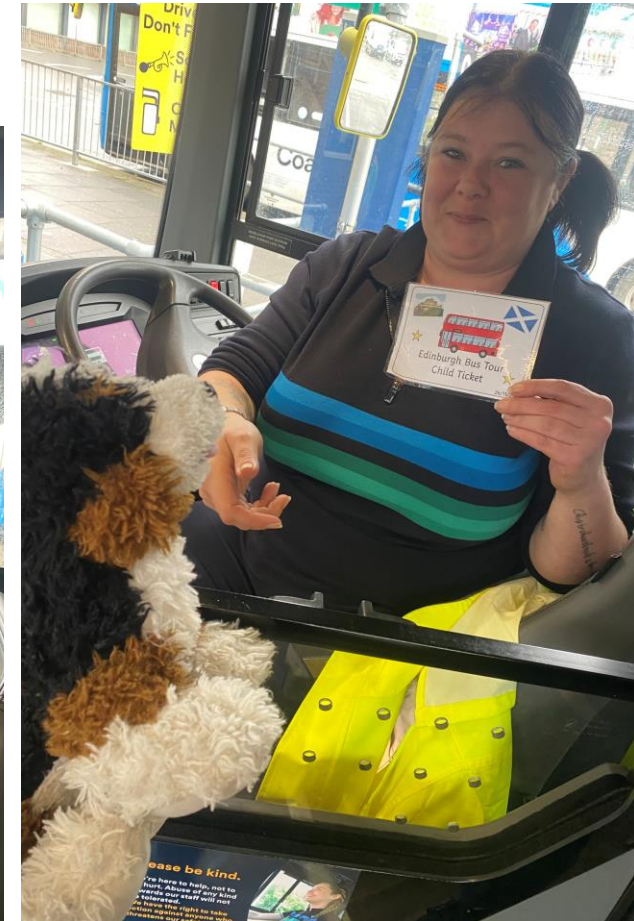

On Saturday I woke up bright and early and did some exploring!!  
I waited for the bus to start the tour!

I then got on the bus and the lovely bus lady took my ticket! I even had a picture with her, she was so friendly!

Can you guess where I went first?

I then went to explore a bustling, lively street! Can you remember what this street was called?

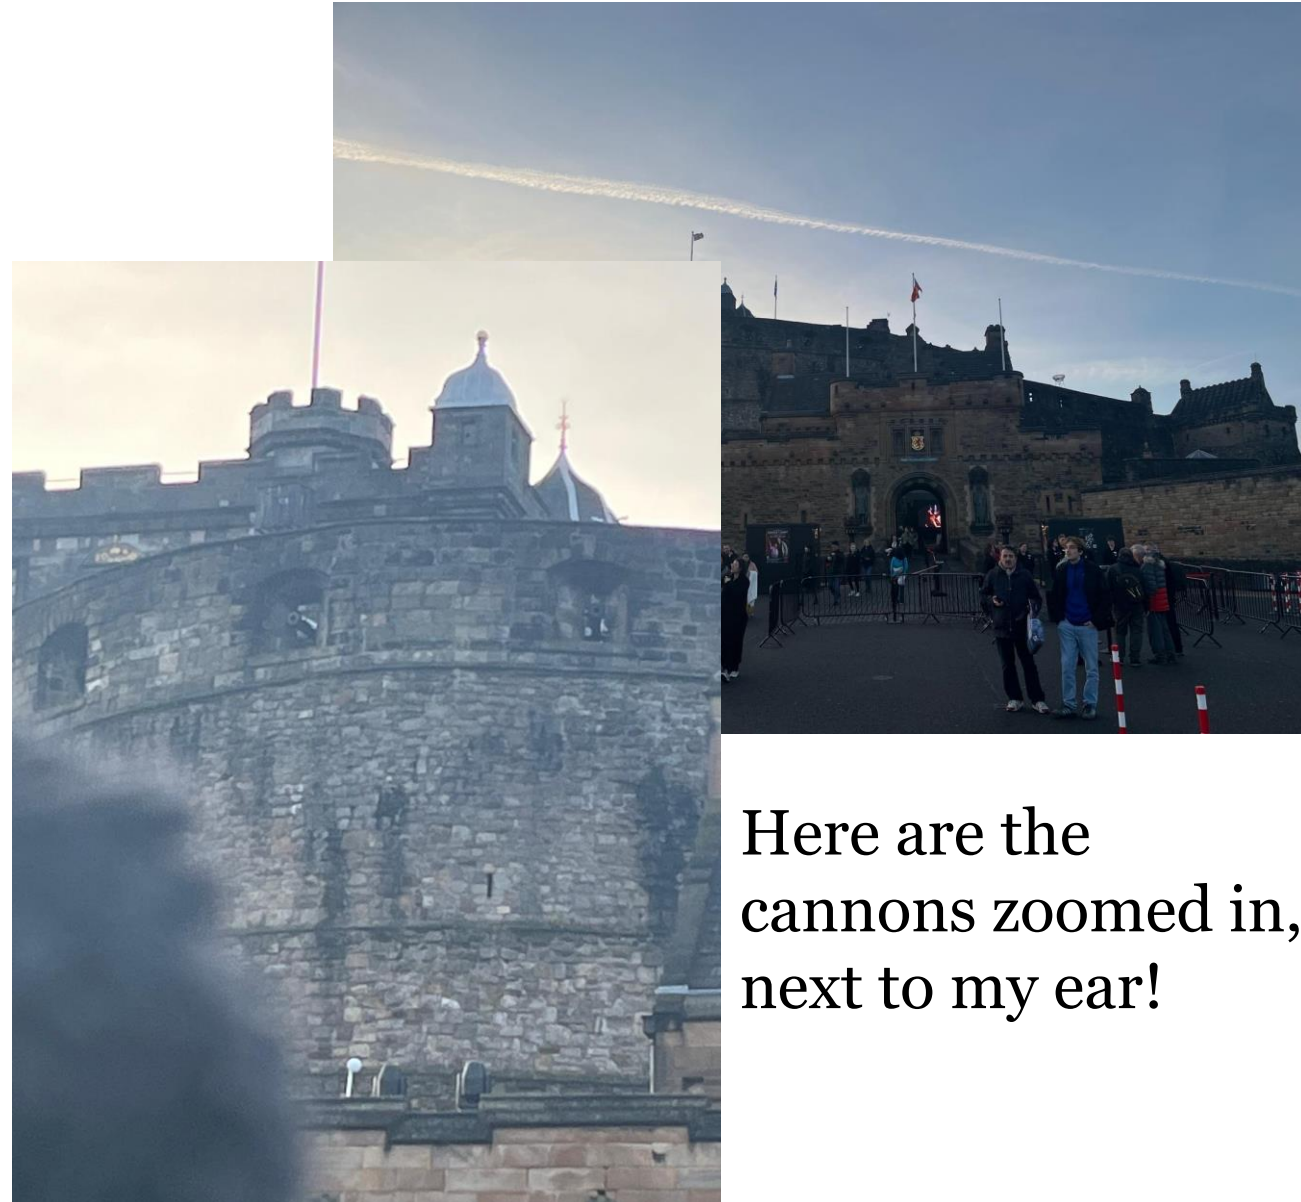

Sadly, there were no big events happening on the street like crowds of people playing on bag pipes, but I did see this funny man!

At the other end of the Royal Mile I went to visit Edinburgh Castle. Sadly it was closed so I couldn't go inside but I could still see the cannons!

Here are the cannons zoomed in, next to my ear!

After this I met a very famous dog in Edinburgh called, Greyfriars Bobby.

He was the police watchdog of Edinburgh in the 1800's and patrolled the streets, keeping everyone safe with a policeman named John Gray.

On Sunday I did some more exploring.

This is Princes Street. Do you know what this mode of transport is called?

More cannons!

In the evening I went around the Christmas market. All the buildings were lit up! It was beautiful!

Very Early Tuesday morning I then got back on the plane to fly home!

Here I am at passport control, so they could check my identity!
