

It's hard to believe we've already reached the final week of this half-term! The children have settled into school life wonderfully and have adapted so well to being in school full-time. We are incredibly proud of all they have achieved and are sure they will enjoy a well-earned rest during the break.

Thank you for all your support this half-term. It has been a pleasure getting to know both you and your children, and we look forward to another exciting half-term ahead. We hope you have a lovely and relaxing break.

Phonics

These are the sounds we have taught so far. Please review these sounds with your child and make 3 letter words with those sounds for them to practice saying and blending together.

Harder to read and spell words

Harder to read and spell words are those tricky words that we cannot use phonics to read, we just have to remember them by sight. Please find in the yellow book a copy of the first 6 words (ON STARS) to practice reading.

Junk Modelling

Junk modelling is one of the children's favourite activities in Acorn and Chestnut Classes, and they love using their creativity to transform everyday materials into exciting creations such as robots, aeroplanes, bags and much more.

We are often in need of additional resources, so we would be very grateful for any donations of clean recyclable materials. Items such as small boxes, cardboard tubes, egg cartons, foil containers, magazines, catalogues and other interesting materials are always welcomed.

Thank you. Mrs Clarke, Ms Tonkyn and Mrs Upfold.
